WHO WE ARE

SANDIP BANERJEE CLASSES was established in 2006 with the motive of empowering students with the knowledge which is relevant to the modern education world and also with the moral values which are important to become a good human being. It is time tested and trusted pre-process education centre accepted and approved by the students. Unparalleled quality, flexibility and values are the hallmarks of our education program. We believe that effective guidance is the primary need of every student, which would create motivation and instill courage and confidence to face all challenges. And that is exactly what we impart in all coaching programs. For every course, we have a strategic & a well charted program, which aims at harnessing the maximum strengths & energies of students and honing their skills in a well-organized manner so that it leads them like a self guided missile to unfailingly hit the target. Our vision is to be the most preferred provider of coaching and development of skills and dreams of the students.

We believe in loving the subject rather than just learning it.....

THERE ARE OBVIOUSLY TWO EDUCATIONS. ONE SHOULD TEACH US HOW TO MAKE A LIVING AND THE OTHER HOW TO LIVE.
